the demands of his important and rapidly

growing connection, J. Brown's pre-

extensive alterations and the staff will

be shortly be DOUBLED.

the best appliances and artistic skill are

to be found, but where also TIME can be

studied your features, get their most

At the photographer lowers his price to

do his work well, but must run his

business through like sheep, treating to

A sensible person will beware of such

SPECIAL TELEGRAM

THE MATTO GROSSO REVOLUTION

The Postmaster-General, Dr. Carlos

Carles, favors us with the following im-

portant telegram:

Asunción, June 7.

At 3.50 p.m. the Brazilian gunboat

Fernandez, which belonged to the Re-

volutionists in Corumbá, moved here

and surrendered to the Brazilian Min-

ister. The other vessels will follow

suit. It appears that the Brazilian

Government are all pulling against each

other.

LATER.

The news from Corumbá is im-

portant. The revolutionists are fixing

and the Brazilian Government are

expected to surrender. Corumbá is at

present in the hands of Paraguayan

troops.

(To the "Prensa.")

London, 6th.—Most of the papers of

this city say that if Blaine's resignation

means his absolute retirement from pub-

lic life it will be a calamity to Amer-

ica. Mr. Edmund M. T., sailed yesterday

for Gibraltar.

Sir Gilbert Campbell, a well-known

Panamaite, has been arrested on a

charge of defrauding private parties.

Mr. Dillon, a member of the editorial

staff of the "Herald," proposed that

the question that split the Irish Party

be settled by giving to each a proportion-

ate representation, as General Collins's

efforts to bring about amalgamation have

been so successful.

Paris, 6th.—President Carnot attended

the fete at the Gymnasium at Nancy.

Russian flags formed the decorations;

but no anti-German symbols were vi-

sible, nor was order disturbed in the

least.

Mr. Coolidge, the new Minister of

the United States, has arrived.

St. Petersburg, 6th.—A terrible fire

has occurred at Koyun, a suburb of

St. Petersburg, in which 10,000

houses were destroyed and

2000 people homeless.

The prohibition to export cereals has

been rescinded, and oats, barley and

wheat can now be freely exported

abroad.

Pittsburg, 6th.—The victims of the

simultaneous floods and fire at Titus-

ville and Oil City are 200. Four re-

frigerators were destroyed by fire. Loss

per stores destroyed by fire. Loss

recovered to date in Oil City and Titus-

ville is \$1,000,000, but numbers of in-

habitants are still missing, and are sup-

posed to have escaped.

Berlin, 6th.—The sugar manufacturers

of Germany have received proposals

from the Austrian Union of the same

kind to establish a syndicate for the

sale of sugar in gross, in opposition to

the American sugar-makers who are

also invited to join the Union.

The papers of this city attribute the

disturbances in Samoa to England's

policy to destroy German influence

in the Pacific. Since the

publication of the Blue Book the Ger-

man papers are less bitter in their

attacks on the English. As regards the

disorder in Uganda, the papers re-

ject judgment to Lush's official report

and

Chancellor Caprivi has announced that

Germany will not be officially repre-

sented at the Chicago Exhibition.

Minneapolis, 6th.—The political agita-

tion of the past few days is beginning

to produce commotion in the electoral

colleges. It is believed that Blaine will

run for the Presidency if named sponta-

neously by the Convention.

(To the "Nation.")

Berlin, 6th.—The "Hamburger Nach-

richten," Bismarck's organ, publishes an

important article on Italy and the Triple

Alliance. It denies that Crispin was

visited by Bismarck, accepted the obli-

gation of arming as an independent

condition of the alliance.

Madrid, 6th.—Italy has armed, it is be-

lieved, not on account of the triple al-

liance. The German Emperor Major has

never intervened in Italian military

questions.

Berlin, 6th.—The King and Queen of

Spain, the North German Gazette de-

clares the report that King Humbert

visits Berlin with a view to negotiate for

a reduction of armament.

New York, 6th.—It is believed that

Harrison's candidature will triumph in

the Minneapolis Convention.

Mr. Blaine resigned on account of the

electoral campaign now in full swing for

the presidency.

A violent cyclone has caused consid-

erable damage in the Pittsburgh dis-

trict.

Chicago, 6th.—There are 6,000 men at

present working in the Exhibition

buildings.

A jeweller's shop in Kensington,

Pennsylvania, was blown up yesterday

with dynamite.

Berlin, 6th.—The "Hamburger Nach-

richten" denies the rumor of the resig-

nation of the Emperor and the ex-

Chancellor.

Copenhagen, 6th.—The Czar left to-

day for Kiel to visit the German Em-

peror.

ARGENTINE COAL-FIELDS.

A good coal-field in any accessible

part of the Republic would be of more

value than all the sugar-fields of Tucum-

án. Whoever takes the trouble to

read Prof. Horskold's report on Argenti-

ne mining will be struck by the fact that

the coal is of the best quality, and that

it exists in many of the Provinces, and

that the coal is of the best quality, and

that the coal is of the best quality, and

that the coal is of the best quality, and

that the coal is of the best quality, and

that the coal is of the best quality, and

that the coal is of the best quality, and

that the coal is of the best quality, and

that the coal is of the best quality, and

that the coal is of the best quality, and

that the coal is of the best quality, and

that the coal is of the best quality, and

that the coal is of the best quality, and

that the coal is of the best quality, and

that the coal is of the best quality, and
